## Section 2: Summary of change(s)

What do you want to update?:	<b>Project information</b>
	New site/PI only

**Please note:** Each change being made as part of the amendment must be entered separately. For example, if an amendment to a clinical trial of an investigational medicinal product (CTIMP) involves an update to the Investigator's Brochure (IB), affecting the Reference Safety Information (RSI) and so the information documents to be given to participants, these should be entered into the Amendment Tool as three separate changes. A list of all possible changes is available on the "Glossary of Amendment Options" tab. To add another change, click the "Add another change" box.

Change 1				
Area of change (select)*:	CTIMP IMP			
Specific change (select - only available when area of change is selected first)*:	Change of IMPs			
Further information (free text - note that this field will adapt to the amount of text entered):	The supply of baloxavir marboxil used in RECOVERY will change in order to allow the introduction of this treatment comparison at international sites. UK sites are currently provided with commercial supplies of baloxavir marboxil donated by Roche UK and delivered via the Roche UK distribution system. We aim to switch this to supply by Roche Global via their clinical trials distribution system. The product supplied will be equivalent, but is not a UK authorised product. The use of this IMP in the trial will be identical, and we will continue to use the current baloxavir marboxil SmPC as RSI and simplified QIMPD in the trial.			
Applicability:	England	Wales	Scotland	Northern Ireland
Where are the participating NHS/HSC organisations located that will be affected by this change?*	Yes	Yes	Yes	Yes
Will all participating NHS/HSC organisations be affected by this change, or only some? ( <b>please note</b> that this answer may affect the categorisation for the change):	All		Some
